• Indore, M.P., India

SUMMARY

Keen Learner & Dedicated Software Developer using Java Spring Boot with around 2 year and 6 months of experience in Analysing, Designing, Developing, Delivering Java Applications to production ready. Getting Exposure in React.js.

EXPERIENCE

Software Developer

Sterling Check India

📅 07/2023 – 06/2024 📍 Thane

- Designed and developed RESTful API , Controller for providing interaction between front-end and back-end systems
- Implemented JSON Web Token (JWT) authentication to enhance security in RESTful APIs.
- Achieved 100% code coverage for critical components, leading to improved software quality and reduced bug count.
- Tech Stack : Java, Spring Boot, JUnit, Mockito, React.js, Redux, AWS, Jenkins, Agile methodologies, SDLC.

Software Engineer

Car Dekho

📅 05/2022 – 09/2022 📍 Jaipur

- Building API and working over Payment Integration.
- Sending Email for JWT payment verification token.
- Creating Liquibase script for building SQL query.
- Utilized GIT to manage collaboration with other departments and developers.
- Tech Stack : Java, Spring Boot, Git, Spring Security, Postman, Liquibase, MariaDB, MongoDB, FTL..

Assistant System Engineer

Tata Consultancy Services

📅 11/2020 – 01/2022 📍 Ahmedabad

- Achieved a 60% increase in code efficiency through the creation of runnable JARs in Java and implementation of code optimizations.
- Interacted with java controllers (jQuery, AJAX, and JSON) to write/read data from back-end systems.
- Built ETL pipeline for data processing, complex queries on HiveQL and query to process data and transform.
- Worked on different data stream format CSV, fixed length, XML.
- Tech Stack : Java, Jars, HiveQL, Spring Boot, Ajax.

EDUCATION

Bachelor of Technology(Information Technology)

Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV)

📅 2016 – 2020 📍 Indore

SKILLS

- | | | | |
|---------------|---------------------|----------------------|-----------------------|
| • Java | • MariaDB(Mysql) | • Restful API | • HTML |
| • Spring Boot | • Eclipse | • Jenkins(Basic) | • CSS |
| • JavaScript | • Spring Tool Suite | • Spring Security | • Ajax |
| • Junit | • AWS Cloud Watch | • ORM(Hibernate/JPA) | • XSLT Transformation |
| • Mockito | • Git | • JQuery | • React.js(Basic) |
